I thought it would be quite easy to find a job when I left school, but it's been really difficult. I look through the job (1) in the local paper every week, but everybody seems to want people with lots of (2) and I didn't do very well at school. I've sent my (3) to dozens of companies in the local area but nobody has got back to me. I must have filled in at least thirty (4) forms and I've only had one reply. I went for an (5) last week but it didn't go very well – they said they wanted someone with more (6) , but I've never had a job! Sometimes I wonder if I'll ever find anything.

In the United States a CV is called a résumé.
