1. The beach is always . . . . . at this time of the year. There's no room to put your towel down!
2. The beaches were absolutely . . . . . . Sometimes we were the only two people there.
3. Sri Lanka has some fantastic beaches – mile after mile of . . . . . sand and . . . . . water.
4. Ten years ago the place was completely . . . . . , but now the whole seafront is full of bars and cafés. They've spoilt the place completely.
5. The coastline is very . . . . . and most of the beach is pebbles. There's hardly any sand at all.
6. The . . . . . beach is quite difficult to find, as it's about 2 kilometres outside town.

*Pebbles are the small, smooth stones you find on many beaches.*
