Lesson #27-28

Topic: “Housekeeping. Control Work.”

1. Read and write a short composition about your duties at home.

2. Read a blog about teen’s room and write your own opinion answering the questions.

Have you just decorated your room? Or do you simply love your space and want to share it with us? Post a picture and description on this site!

This is my new bedroom. My family and I have just moved to a new house. I've never had my own space before – I used to share a room with my brother. As you can see, I'm pretty tidy. You can also tell I love science... Look at those planets over my bed!

OMG, my room is so messy already! I just cleaned it yesterday. My favourite place is my desk. I spend all my free time sitting there playing computer games. I made sure to get a comfortable chair. I always keep my blinds closed because I don't like watching people go by.

This is a typical day in my room. Dad went to work, and my little sister is still sleeping late. My bed here is small, but at least I sleep alone. Don't get me wrong! I love sharing the space with them, but they can get really messy sometimes! Good thing this girl here always helps me put everything in order every day.

Here's a pic of my room! I haven't really decorated it much. The white walls make the room feel bigger, and the big window gives me lots of light. I'm really excited about my new guitar – I just got it a week ago! I'm still learning how to play though.

3. Do in writing and translate.

Synonym matching.
